

Mohamed Ibrahim

Full-Stack Web Developer

+351914143340 | aldgar1988@protonmail.com | [Portfolio](#) | [LinkedIn Profile](#) | [GitHub Profile](#)

PROFILE

Passionate and results-driven Web Developer with hands-on experience in modern JavaScript frameworks including React, Next.js, and NestJS. Specialized in building responsive, high-performance web applications with clean, maintainable code and a strong focus on user experience. Adept at solving complex challenges through innovative, scalable solutions in collaborative, fast-paced environments. Committed to continuous learning and staying current with industry trends to deliver cutting-edge digital experiences. Eager to contribute skills and grow within a dynamic development team.

SKILLS

Languages & Core

JavaScript · TypeScript · Debugging & Troubleshooting

DevOps & Testing

Docker · Supabase · Jest · Git & GitHub

Frontend Development

HTML · CSS · React.js · Next.js · Tailwind CSS · Bootstrap

Tools & Platforms

Power BI · PowerShell · Azure AD Administration · Microsoft 365 · Google Workspace

Backend Development

Node.js · Nest.js · Express.js · RESTful APIs · MongoDB · NoSQL · GraphQL

Soft Skills

Creative Problem-Solving · Team Collaboration · Stakeholder Communication

PROJECTS

- [MonDo](#): A social media app built using TypeScript, Next.js, Tailwinds CSS, Mongoose and MongoDB
- [Users Dashboard](#): A user management dashboard with secure authentication, built using React, Tailwind CSS, Express.js, and MongoDB.
- [Managers Dashboard](#): A full-stack manager dashboard with secure authentication, built using TypeScript, Next.js, Tailwind CSS, NestJS, and MongoDB.

WORK EXPERIENCE

Freelance Web Developer

July 2024 – Now

Freelance

- Well-Rounded My background in roles that required analytical thinking, combined with dedicated and immersive learning in modern web development, have shaped me into a well-rounded developer who can build full-stack applications with a focus on performance, scalability, and user experience.
- My strong communication skills allow me to collaborate effectively with both technical and non-technical stakeholders, bridging the gap between user needs and technical execution. I bring business acumen from experience in tech environments and am passionate about growing further within this fast-evolving field.
- Proficiency in a broad range of technologies—including JavaScript, TypeScript, React, Next.js, and NestJS—has enabled me to build responsive, dynamic web interfaces and robust backend systems. I apply best

practices in debugging, testing (with tools like Jest), and containerization (Docker) to ensure maintainable, production-ready solutions.

- I've worked on real-world projects involving RESTful APIs, MongoDB, GraphQL, and modern UI libraries like Tailwind CSS and Bootstrap.
- I thrive in collaborative, agile teams, bringing creative problem-solving and stakeholder management skills to deliver meaningful digital experiences. My familiarity with Microsoft and Google Suites, Power BI, and Azure AD Administration also equips me to navigate hybrid tech stacks and cloud-based environments with ease.

Senior Quality Analyst

September 2020 – Now

Teleperformance Portugal

- Experienced with Google Technical Solutions in products such as Google Analytics (G4A), GTM implementation, and troubleshooting tools.
- Implemented Google Tags on the backed of the website using custom JS, activating Google signals, Data Layers and Enhanced Conversion APIs.
- Performed audits on the performance of the specialists' team.
- Created business reports, maintained dashboards. Daily usage of tools such as Excel, Google Sheets, SharePoint, Google Drive, Power BI, PLX, Looker Studio and Tableau
- **Hands-on experience** with real world data projects in various fields such as Food and Beverage, Transportation, Sports, Healthcare, Real Estate and Job Search.

Marketing Expert

July 2019 – September 2020

Teleperformance Portugal

- Develop and implement integrated marketing campaigns across digital, social, and traditional channels to support product launches, brand initiatives, and growth goals.
- Conduct market research and audience analysis to identify opportunities, trends, and insights that inform strategic decisions.
- Leverage Meta's own platforms and advertising tools to drive user acquisition, retention, and brand awareness.
- Analyze campaign performance, user behavior, and ROI using tools like Meta Ads Manager, Business Suite, and internal analytics dashboards.
- Optimize content and targeting strategies through A/B testing and continuous feedback loops.
- Stay up to date with digital marketing trends, competitive landscape, and platform innovations.
